This year the Bioethics Society of the English-Speaking Caribbean (BSEC) Forum will be held in the Nature Island of Dominica in the Eastern Caribbean. Under the theme, "Ethics, Equality & Stigma," the forum will feature presentations from regional and international speakers on Day 1 and workshops on "Setting up Research Ethics Boards" and "Publishing in Bioethics" on Day 2.

Government Ministries, NGO's, medical professionals, students and other interested persons are invited! It's also time to submit your abstracts: Please send to [bseforum@yahoo.com](mailto:bseforum@yahoo.com) on Website: [bioethicscaribe.org.jm](http://bioethicscaribe.org.jm)

**But you can't go  
to the Nature Isle  
just for work!**

Plan to arrive on November 8th and leave on November 13th and we promise that you will not be bored. Island tours are planned that include soaking in the sulphur springs of Soufriere, hiking the Waitukubuli Trail and visiting the Kalinago Territory, home to the largest indigenous population in the Eastern Caribbean.

**See you there!**
